RESPONSE TO OFFICE COMMUNICATION

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

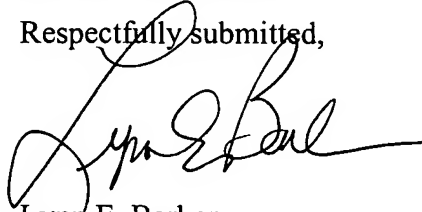

In response to the Office Communication of December 31, 2008, Applicant hereby submits: 1) a Marked-up Copy of the Specification of the above-referenced patent application, showing all of the amendments made to date in the specification, plus correction of a couple of instances that had been previously missed where the species name of a microorganism had not been spelled out in the specification as filed; and 2) a Clean Copy of the Specification as so amended.

The undersigned attorney of record states that no other changes have been made to the specification as filed and that no new matter has been added, and that, with the except of the amendment changes so made, the specification herewith submitted is identical to the specification as filed, a copy of which was provided to the undersigned

attorney by the Applicant for use of the undersigned in preparing the Marked-up Copy of the Specification, as the original application was not filed by the undersigned attorney..

If any questions or issues remain, the resolution of which the Examiner feels would be advanced by a personal or telephonic conference with Applicant's attorney, the Examiner is invited to contact such attorney at the telephone number noted below.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Lynn E. Barber", written over the typed name.
